I wish to thank everyone who has sent me info on my Dyer family, which is my Mothers family.

I started this back in 1969 and all my grand parents were gone but still had many other members of their family I could call on to get info. Otherwise I worked at the court house, library and cemeteries to find info that I could.

I with others spent many a week at the Ft. Wayne, IN library, Salt Lake City library, Madison, WI library and many hours at Columbia, MO library just about every year from when I started. There was 4 of us who went to Iowa City every month during the good weather but now one has moved, one has passed and the other can't get out any longer and no fun to go by your self. So decided it was time to stop.

This was before the internet so didn't have that to rely on but was just as well as have found a lot of wrong info on the internet. (I can't say mine is all right either) As much of it was not able to be proven for sure so just had to go by what we could find. But if anyone has proof of what you find is wrong in any of my books I would appreciate knowing it. We know every one is not 100% right as no one is perfect, even in research.

So hope these books will be appreciated and enjoyed as much as I had putting them together. But I think now is the time to turn them over to someone else to enjoy as I can't get to the libraries any longer and only the internet to rely on and that isn't as much fun as going to the places where your ancestor's walked themselves.

Dear Gladys:

Just a couple items thought would include along with the family reunion information (think last reunion they held was about 1969). Would be nice if you could make the reunion, but know it is a long way and you have special needs/happenings. Thought it worth a try.

A couple of items--Your #339, Abraham Dyer--Index of Veteran Records 1886 Harrison Indiana, Dyer Abraham, pg 4 #22, shows him as a Private Co. 1, 2d Regiment Indiana, Corydon, Mexican War served from Harrison Twp. Did he make Captain, and do you have more information on his service????

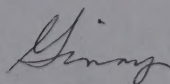

Would you have some information you might share on Charles Hillary and Melvina Boley. I am still trying to find something on my Nancy Boley/Bowley. Nothing so far matches up.

I did Dyer books and my complete effort to March of this year are now at the Oregon State Library in Salem, and a second set at Dallas Museum (Polk Co. Historical Society) in Dallas, OR. I also gave a complete set to Frank Butler, and he is annotating it for his family to give to the Oregon Historical Society when he no longer can enjoy it. Everyone so pleased, it certainly has made me feel good to share it--expensive, but nice to have the family remembered.

We are about to start spring camping, but will only be gone a few days--reunion of my Mother's family, the Lambier family. I'm afraid this will probably be the last one she will be able to attend, due to the riding distance. She is 81 and stoved up with arthritis, and now has an ulcer (and is diabetic so important to heal up). I think she has had the ulcer for awhile, but my sister dying unexpectedly last October has thrown her very badly. She has always "lived to eat", and now can't and that is certainly not a help (no sugar, no spicey foods or gravies much, etc.). We ahd her over and I showed her you can cook well and enjoy it without the bad things, but as lots of older people do she has enjoyed going out to eat lots rather than do her own cooking and so then it is truly hard. As she says, you can only eat so much turkey without dressing or gravy.

Hope you have a wonderful spring and summer, and if we don't see you here in September perhaps can meet in 1993. We are thinking about a trip east then, and may visit Rick's sister and family again. All in next winter's planning and going to enjoy this year first. Would love to hear from you about the couple of questions, and thanks again for any more help. Have really enjoyed your book too.

Do you know what I'm up to

Please look at both pages of attached, and hope you will be able to attend. Will be nice to see old friends, and meet new ones in the family too.

In March of this year I sent copies of what I had done so far on the Dyer family to the Oregon State Library in Salem, Oregon, and to the Polk County Historical Society in Dallas, Oregon.

I believe the State Library copy is available for inter-library loan, but that may only be within Oregon. It is in their Genealogical Section of the Library. The Polk County Historical Society is located in what was the city library, the Carnegie building, in downtown Dallas (southwest of Salem).

Doing the history in the computer makes it a large amount of paperwork, and it is two fairly large books thus far (I already have several additions of information, and hope that continues for many years--thought it better to put something out than not being able to share all already gleaned). As much as I would like to, I just cannot stand and run copies for each one that wants it. I hope someone within your family can see one of these copies, and maybe even copy it for you if they want to.

At some far future date I will probably update it, but since I hope to work on this for a number of years yet I will wait at least several years before adding to or correcting what is there. When I started doing this, I thought it would be a simple process to publish something. Having the cooperation of so many in the family has made it a fairly complete work, and so it has become large in size and content. I hope somehow you will be able to see it, and enjoy the fruits of my hours of love and labor.

Notes

HUSBAND - Jonathan Dyer

Received complete family history of Jonathan's family from Mrs Virginia L. Dyer Bronson, 221 N. Sunderland Rd., Spokane, WA 99206-3711 #509/928-2836 Mar 1991. This is her direct line. I'm just putting line in here and rest will be referred to the book.

BIRTH: His Bible rec, census records but mostly copy of letter he wrote to his granddaughter and stated he was born 2 Jan 1802 as was his mother age 40 on that day and his grandmother (Hurst) was also born on 2 Jan.

MARRIAGE1: First marriage recorded Harrison Co. IN Bk 2 pg 104 Surety John Dyer and consent of father Charles Dyer and consent of wives father Milton Bufford and surety Isaac Currey.

MARRIAGE2: 2nd mg prob. IN but not located. Jonathan said 27 Sep 1835. Had their first child Nov 1835 (I believe it was 1834-Need to check Harrison Co. Mg records again for sure).

MARRIAGE3: 3rd mg recorded Polk Co. Oregon.

DEATH: Bible record and info from Mrs Virginia Dyer Bronson. Jonathan died in Ballston, Polk Co. Home of his son Anthony Wayne where he had been living for some time.

Buried in the Salt Creek cemetery between his last two wives. Salt Creek cem. is located in Polk Co. Sec 6 & 7 Twp 7S Rg 5W 7 miles NE of Dallas on the Old Coast Hiway. (hiway 22)

MILITARY: Jonathan was in the Army (statement was from VA) but this would not be correct. I am not convinced he was in the military. Was too young for War 1812, too old for Civil War and living in OR at that time. (GLT- I believe this statement was referring to another Jonathan)

PICTURES: Have picture of Jonathan as an elderly man taken in Salem, OR and also one of his 5 children taken when all elderly, Dennis, Robert, Julia, Green and George Dyer.

Find A Grave internet site listed Jonathan birth and death dates and places, pic of his grave marker, Emigrated on Oregon Trail, Pioneer of Oregon, spouses, Nancy Boley, Phebe Ward, both buried at Dallas, Polk Co., OR, Salt Creek Cem. 1st wife Frances Buford buried in IN somewhere.

Notes

HUSBAND - Jonathan Dyer (Continued)
be referred to the book.

BIRTH: His Bible rec, census records but mostly copy of letter he wrote to his granddaughter and stated he was born 2 Jan 1802 as was his mother age 40 on that day and his grandmother (Hurst) was also born on 2 Jan.

MARRIAGE1: First marriage recorded Harrison Co. IN Bk 2 pg 104 Surety John Dyer and consent of father Charles Dyer and consent of wives father Milton Bufford and surety Isaac Currey.

MARRIAGE2: 2nd mg prob. IN but not located. Jonathan said 27 Sep 1835. Had their first child Nov 1835 (I believe it was 1834-Need to check Harrison Co. Mg records again for sure).

MARRIAGE3: 3rd mg recorded Polk Co. Oregon.

DEATH: Bible record and info from Mrs Virginia Dyer Bronson. Jonathan died in Ballston, Polk Co. Home of his son Anthony Wayne where he had been living for some time.

Buried in the Salt Creek cemetery between his last two wives. Salt Creek cem. is located in Polk Co. Sec 6 & 7 Twp 7S Rg 5W 7 miles NE of Dallas on the Old Coast Hiway. (hiway 22)

MILITARY: Jonathan was in the Army (statement was from VA) but this would not be correct. I am not convinced he was in the military. Was too young for War 1812, to old for Civil WAR and living in OR at that time. (GLT- I believe this statement was refering to another Jonathan)

PICTURES: Have picture of Jonathan as an elderly man taken in Salem, OR and also one of his 5 children taken when all elderly, Dennis, Robert, Julia, Green and George Dyer.

Find A Grave internet site listed Jonathan birth and death dates and places, pic of his grave marker, Emigrated on Oregon Trail, Pioneer of Oregon, spouses, Nancy Boley, Phebe Ward, both buried at Dallas, Polk Co., OR, Salt Creek Cem. 1st wife Frances Buford buried in IN somewhere.

He was born in Fairfield, Jefferson county, IA, in 1889. His father, Jonathan Dyer, was captain of an emigrant train with which Dennis came west when only 13 years of age. ---The long journey, which was made in prairie schooners, was a dangerous and dedious one. Hostile Indians and swollen streams were a constant source of dread and vigilance for the hardy frontiersmen as they made their way slowly westward. ---At The Dalles, Ore, they were stalled by a severe winter and were forced to proceed to Portland, Ore, by yawl boat. They located near the Willamette river, in Polk county, about 6- miles south of Portland. ---At the age of 31 he went to Boise Basin and followed mining. Later he settled in eastern Oregon, in what was then Baker county and took up stock raising. From there he moved to Malheur county, where he served as county commissioner for four years. he moved to Weiser in 1900, where he retired from business and he has since made his home there. ---In 1884 he married Miss Ellen O'Brien of New York city. Article: "Dennis Dyer, Reminiscence of An Old Pioneer" As told to Ruth W. Dyer in 1906.

"I was born in the year 1938 (1838) at Fairfield, Jefferson County, Iowa; at this period Iowa was a territory. Here I spent my boyhood days until I was thirteen years old and then my father, Jonathan Dyer, being fond of frontier life decided to move with his family to far away Oregon.

We left home in May, 1852, twenty-one wagons, about one hundred fifty head of cattle and horses and a pack of hounds composed the emigrant train of which my father was captain.

Council Bluffs was the last settlement we passed through. From there on only the wide open plains lay before us.

We crossed the Missouri River in a ferry boat and landed at Louis Fork, North Platte, then Laramie, Sweetwater, Big and Little Sandy, Green river, Nams Fork and Bear River. On reaching the Snake River, which we croshed twice, once at Salmon Falls and again at the mouth of Boise River, we discovered a new invention in the line of ferry boats.

Several wagon beds were lashed together into which we put our bedding, provisions and so fourth and then took our wagons apart, one by one, and sent them across. This sometimes took an entire day. We next forded the Malheur River where Vale, the county seat, now stands. Then Bumt river at Huntington where a big black rock still marks the old fording place. Powder River was next and thence into Grande Ronde Valley. It required several days to cross the Blue Mountains. We camped at what is now Meacham on the summit of the mountains. The rest of our journey being through an open country was much easier. We next crossed Umatilla, Buttercreek, Willow Creek, John Day, Deschutes, Ten Mile, Five Mile and at last reached the Dalles.

As this was the year of the cholera among the Indians, we were not troubled any by them.

Owing to the intense heat and the lack of water we crossed the deserts at night.

Two deaths occurred on the way. One man was buried at midnight. This funeral contrasted very much to the words of Wolfe in the burial so Sir John Moore, "Not a drum was heard, not a funeral note."

All the way across feed, was very plentiful for the stock so we did not hurry. Although plenty of buffalo and deer were killed, part of the train had not made their preparations for the trip and before we had completed half the trip their supplies were exhausted. My father killed a beef every few days to supply their wants and then we ourselves ran short when we reached The Dalles where we wintered from October to Feb.

The Dalles at this time consisted of three houses anda government post. I cannot recall the old colonel's name but I can recall that he would give us no aid when we sadly needed it.

All our stock died, cattle and horses, very animal except one old hound out of a pack. Father was offered \$50 for her but would not give her up. Our food supply gave out and we lived principally on emigrant beef of very poor quality. A man could eat all he could hold and in less than an hour be as hungry as ever. The bread was made of bran and shoots and was good if we only had enough of it. Father sent to Portland for supplies but the men never came back.

The snow was 2 1/2 feet deep and crusted so mankind could walk all over it. We put gunny sacks boots on horses.

In Feb. we started for Portland in a yawlboat. We made portage over the Cascade Falls which required eight days. In going through the rapids the boat struck a rock and one of the owners was drowned. I saw the same rock last year below the Cascades.

At this time Portland was not as big as Weiser is now. There were no such buildings as we can boast of here. Their houses were little old lumber shacks.

I killed my first deer on Portland Heights and I felt so big that Herman the Plumber's coat would not make a vest for me.

We stayed in Portland three months and then moved southwest into Polk County whree father took up a donation claim amounting to three hundred twenty acres. This was the amount of land allowed a married man while a single was allowed one hundred sixty acres. Most all the land was taken in this section but little was under cultivation. Our food now consisted of game, boiled wheat and brown wheat coffee, which we considered a luxury.

CHILD 3 - Dennis Patrick (Joseph?) Dyer (Continued)

We now procured employment chopping and splitting rails. You people talk of eight hour labor, our days work was from day light until dark. I worked at this until 1873 when I learned to speak Jargon and moved to eastern Oregon.

I then turned my attentions to stock raising and right here let me say you people of today have a picnic to what the pioneers had. We spent our energies in seeking more comfortable conditions and really what we need is not a more comfortable lot but a harder life. It is the people who have wrestled with rigorous climates and difficult territories who have given to history its greatest figures. Signed: Dennis L. Dyer"

(this article stated 1938 for his birth and just mistake, should have been 1838 however according to fathers bible he was born Nov 1839).

Another article from a paper, prob. or history? Progressive Men of Southern Idaho Bio of Dennis Dyer. Much the same info as above but did give info on his family. Parents: Jonathan and Nancy (Bolley) Dyer (believe to be Boley). the former a native of KY and the latter of IN. His father moved from his native state of IN when a young man and migrated with his family first to IL then to Iowa and in May 1852 they started with ox teams to Oregon in a trip of 6 months. Settled in Polk county near the town of Salt Creek where the parents passed the remainder of their days, the mother dying in 1865 at age 60 and father 20 Jan 1892 at age 91 yrs 18 days. They rest in the Salt Creek cemetery. The paternal grandfather, Charles Dyer, was a native of Virginia and veteran of war of 1812, the greater part of his life being passed in KY.(he died in IN 1831-GLT). The grandparents on the mothers side were Indiana pioneers coming from IN at an early day and the maiden name of the grandmother was Hearst (actually Hurst-GLT). They remained in IN where they died. Dennis moved from Iowa to Ore with parents and at 21 he turned his attention to farming and stockraising, following the business in Polk county, OR for 4 yrs then moved to the eastern part of th state and was occupied in various pursuits until 1881. He then took up a homestead in Malheur county where he lived until 1890. He then sold his interest in Oregon and moved to Idaho, locating one mile west of Weiser on the ranch which he now occupies, where he resumed farming and stock operations and where he has since conducted them with increasing profits and on an expanding scale. He produces excellent crops of hay and a goodly yield of fruit, while his stock business is on of the most extensive and progressive in this part of the county. He has improved his ranch with a good brick residence and comfortable barns and equipped it with every needed appliance for its purposes so that it stands as a model home, on of the representative ones of the valley.

HUSBAND - Jonathan Dyer

Received complete family history of Jonathan's family from Mrs Virginia L. Dyer Bronson, 221 N. Sunderland Rd., Spokane, WA 99206-3711 #509/928-2836 Mar 1991. This is her direct line. I'm just putting line in here and rest will be referred to the book.

BIRTH: His Bible rec, census records but mostly copy of letter he wrote to his granddaughter and stated he was born 2 Jan 1802 as was his mother age 40 on that day and his grandmother (Hurst) was also born on 2 Jan.

MARRIAGE1: First marriage recorded Harrison Co. IN Bk 2 pg 104 Surety John Dyer and consent of father Charles Dyer and consent of wifes father Milton Bufford and surety Isaac Currey.

MARRIAGE2: 2nd mg prob. IN but not located. Jonathan said 27 Sep 1835. Had their first child Nov 1835 (I believe it was 1834-Need to check Harrison Co. Mg records again for sure).

MARRIAGE3: 3rd mg recorded Polk Co. Oregon.

DEATH: Bible record and info from Mrs Virginia Dyer Bronson. Jonathan died in Ballston, Polk Co. Home of his son Anthony Wayne where he had been living for some time.

MILITARY: Jonathan was in the Army (statement was from VA) but this would not be correct. I am not convinced he was in the military. Was too young for War 1812, too old for Civil War and living in OR at that time. (GLT- I believe this statement was referring to another Jonathan)

PICTURES: Have picture of Jonathan as an elderly man taken in Salem, OR and also one of his 5 children taken when all elderly, Dennis, Robert, Julia, Green and George Dyer.

Find A Grave internet site listed Jonathan birth and death dates and places, pic of his grave marker, Emigrated on Oregon Trail, Pioneer of Oregon, spouses, Nancy Boley, Phebe Ward, both buried at Dallas, Polk Co., OR, Salt Creek Cem. 1st wife Frances Buford buried in IN somewhere.

DYER FAMILY LIVED CENTURY IN OREGON

Descendants of Johnathan Dyer who led a wagon train to Oregon from Illinois in 1852 gathered at Dallas Park July 5 for a centennial reunion. Stories were told, especially at the Dalles where the group lost livestock from starvation and depredations of Indians. Mr Dyer took out a homestead near Sheridan.

Some of the group motered to Salt Creek Cemetery after the picnic to see the grave of Johnathan Dyer. Present were Mr and Mrs Alan Albrich, Eugene and chidren, Mr and Mrs Randolph Butler of Valsetz, Miss Mildrid Josi of Wallowa, Mr and Mrs Glenn Dyer, Spokane, Willis Dyr, Sheridan, Ross Dyer, Dallas, Mr and Mrs Wyn Dyer, Brooks, and Mr and Mrs Frank Butler and children, Bertha Sparks, Mr and Mrs Keith Dyer and family of Salem.

WIFE - Phebe Ward

Info from Jonathan Dyer bible and Virginia Bronson and Minnie Dyer Bolin. Phebe was married to Asa Morris 7 Dec 1823 in OH. He died 24 Aug 1884 OR? She had 8 children by him and 3 had died since 1884. All born in OH. They spent 21 yrs there then family moved to IA 1853 and 1860 moved to OR. I'm wondering if the death date should have been 1864??? (obit 1884) She md 2nd to Jonathan Dyer 1866 so if obit is right, divorced 1st husband. Obit gives family information. (Notation at bottom of obit-Columbus, OH and Eddyville, IA) She is buried next to 2nd husband in Salt Creek cemetery.

OBITUARY: of Mrs Phoebe Dyer:

"Mrs Phoebe Dyer died at the family residence on Salt Creek, in the north part of the county, on last Monday at the advanced age of eighty-one years and four months. The old lady had been quite feeble for the last year or so, yet enjoyed reasonable good health for one so old. Her last sickness was a severe stroke of paralysis, on Saturday, Feb 6, from which she never rallied, continuing to sink until she passed away between eleven and twelve o'clock Monday night. She was buried on Wednesday at the cemetery on the farm of E.L. D'Lashmutt. A large concourse of neighbors and friends were at the funeral. Elder Holman of the Christian church (of which church Mrs Dyer had been a member for many years) conducted the services and delivered a very appropriate funeral sermon and spoke kind words of sympathy to the family and friends. Many were the silent tears that fell. Everyone loved Grandmother Dyer. Her's has been an eventful life. Her maiden name was Ward, she was born in Belmont Co. OH, on the 16th of Oct 1804, was married to Asa Morris, December 7, 1823 and they resided in OHio for nearly twenty-one years. Mr Morris died on the 24th day of August, 1884. She had eight children at the time of his death, three of whom have since died. Those living at this time are William Morris of Eddyville, IA Elizabeth Morris of Stockton, CA; Lydia A.D'Lashmutt of Dallas, OR; Mary A. Graham of Salem OR; John Morris of Dallas OR. She and her family came to Iowa with her son-in-law E.L. D'Lashmutt in the year 1853 and in 1860 Mr D'Lashmutt emigrated to Oregon, she coming with him, having been a member of his family for a good many years, and settled in this county. She was married to Jonathan Dyer on May 31st 1866 and died on the 15th of Febr 1886". (Columbus, Ohio and Eddyville, IA--please copy). (again I believe death date of Asa should be 1864-GLT)

HUSBAND - Asa MORRIS-2435

Obit of Mrs Phoebe Dyer stated Asa died 24 Aug 1884 but she had married Jonathan Dyer in 1866 so believe the date should have been 1864.

They lived in OH for 21 years after marriage then moved to OR. They had 8 children.

WIFE - Phebe WARD-1899

Sources:

Info from Jonathan Dyer bible and Virginia Bronson and Minnie Dyer Bolin. Phebe was married to Asa Morris 7 Dec 1823 in OH. He died 24 Aug 1884 OR? She had 8 children by him and 3 had died since 1884. All born in OH. They spent 21 yrs there then family moved to IA 1853 and 1860 moved to OR. I'm wondering if the death date should have been 1864??? (obit 1884) She md 2nd to Jonathan Dyer 1866 so if obit is right, divorced 1st husband. Obit gives family information. (Notation at bottom of obit-Columbus, OH and Eddyville, IA) She is buried next to 2nd husband in Salt Creek cemetery.

Obituary of Mrs Phoebe Dyer:

Mrs Phoebe Dyer died at the family residence on Salt Creek, in the north part of the county, on last Monday at the advanced age of eighty-one years and four months. The old lady had been quite feeble for the last year or so, yet enjoyed reasonable good health for one so old. Her last sickness was a severe stroke of paralysis, on Saturday, Feb 6, from which she never rallied, continuing to sink until she passed away between eleven and twelve o'clock Monday night. She was buried on Wednesday at the cemetery on the farm of E.L. D'Lashmutt. A large concourse of neighbors and friends were at the funeral. Elder Holman of the Christian church (of which church Mrs Dyer had been a member for many years) conducted the services and delivered a very appropriate funeral sermon and spoke kind words of sympathy to the family and friends. Many were the silent tears that fell. Everyone loved Grandmother Dyer. Her's has been an eventful life. Her maiden name was Ward, she was born in Belmont Co. OH, on the 16th of Oct 1804, was married to Asa Morris, December 7, 1823 and they resided in OHio for nearly twenty-one years. Mr Morris died on the 24th day of August, 1884. She had eight children at the time of his death, three of whom have since died. Those living at this time are William Morris of Eddyville, IA Elizabeth Morris of Stockton, CA; Lydia A.D'Lashmutt of Dallas, OR; Mary A. Graham of Salem OR; John Morris of Dallas OR. She and her family came to Iowa whith her son-in-law E.L. D'Lashmutt in the year 1853 and in 1860 Mr D'Lashmutt emigrated to Oregon, she coming with him, having been a member of his family for a good many years, and settled in this county. She was married to Jonathan Dyer on May 31st 1866 and died on the 15th of Febr 1886. (Columbus, Ohio and Eddyville, IA--please copy). (again I believe death date of Asa should be 1864-GLT)

DISECTING THE LETTER JONATHAN DYER WROTE TO GRANDDAUGHTER IN 1890, 2 YEARS BEFORE HIS DEATH:

STATEMENTS:

Grandfather Hurst died at age 90: Grandfather Hurst was John Hurst b. 1732 Va d. 1825 IN would put him at age 93.

Grandfather Dyer died at age 95: If William Dyer b. 1729 and d. age 95 would be in 1824
Wm & Nancy Hurst both living in 1808 KY

If John Dyer b. 1730 age 95 in 1825
If John Dyer b. 1732 age 95 in 1827
John Dyer died 1822 KY was father age 95 born in 1727

Grandfather Dyer had 12 children and over 100 grandchildren:

Had believed Wm & Nancy had at least 4-5 known children

John Dyer d. 1822 KY believe to have had 7 possibly 9

Grandfather Dyer had neither brother or sister: Not known if meant ever or living:

William who md Nancy Hurst 1754, not known of family

John Dyer who d. 1822 KY was said if came from certain
Dyer family had more siblings.

Grandmother lived to be 90: Not sure who was referred to Dyer or Hurst:

Nancy Hurst who md William Dyer 1754 was believe to be
Living in 1808. She was said to be born 1734 which would
Make her 90 in 1818

Lydia Smith Hurst who md John Hurst had died 1783 age 49
John had md 2nd but wouldn't have been grandmother.

The wife of John Dyer d. 1822 was said to have been Mary
And she had died before 1822 when John died so she would
Not have lived to be 90.

Lived 6 miles from us in IN and walked to and from our home: Not sure if refered to Dyer or Hurst
We know John Hurst and 2nd wife lived in Indiana close
To Charles and Mary Hurst Dyer. (again wouldn't be a grandmother)

If Wm and Nancy Hurst Dyer refered to, we haven't located them after
1808 in Green Co. KY if that was them that was there. Did they move to
Indiana and just didn't buy land?????

Appears Nancy Hurst Dyer is only grandmother that lived close to the ago of 90.

Without names we aren't sure who Grandfather Dyer was at this time, John Dyer d. 1822 or William Dyer.

Married.

Mrs. Will Sparks recently received from her brother, Willis Dyer, of Ballston, the old family Bible that belonged to their grandfather Johnathan Dyer. Mr. Dyer bought the bible in Kentucky, his native state. From there he moved to Illinois and from there to Iowa and from Iowa he came across the plains with an ox team to Oregon in 1852 and settled in Polk County on a donation land claim and in all the moves he carried the bible with him. Mr. Sparks has a small wood box that his grandfather Sparks found floating down the Ohio river over 80 years ago and it is in perfectly good condition. The box was brought by Mr. Sparks' aunt, Mrs. T. S. Loughry in 1878.

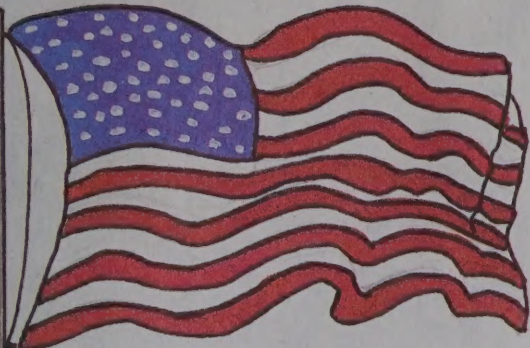

Of many a mother and wife!

The Jonathan Dyer Bible Record, typed copy by his great-great-granddaughter Virginia (Dyer) Bronson, follows. The Bible is 9" wide, 12" long, and 3-1/2" deep. It has embossed leather covers, and is in extremely "well read" and fragile condition. A few pages are missing, and a grandson Willis Dyer tried to stitch the binding together with string at one point. It may also have been at this time that the penciled page numbers were added in the upper right-hand corner of the record pages. The first New Testament page (still attached to one of the Bible Record pages) reads: Auburn and Rochester: Alden and Beardslee, 1855.

Family tradition says the Bible came across the Oregon Trail from the Fairfield, Jefferson County, Iowa area in 1852, with Jonathan, his wife Nancy Boley/Bowley and the children of his second marriage. Jonathan Captained the wagon train. However, the Bible was published some two years after their arrival in the Dallas, Polk County, OR area (they came across the Trail in 1852, wintered in The Dalles, Wasco County, OR, and located in Dallas, in the spring of 1853).

When the Bible was eventually passed through the family to Virginia (Dyer) Bronson, and in her possession in February 1995 (221 N Sunderland Road, Spokane WA 99206-3711, 509-928-2836), she found the date on the New Testament page--showing it could not have come across the Trail in 1852. It is, nevertheless, a very early Dyer family record.

Jonathan Dyer supposedly wrote letters, and copies are still in the family. However, when original land documents and several other items were signed in the 1850's, Jonathan signed with an X. This led to a conclusion that Jonathan himself possibly did not write. The interpreter believes there is a strong possibility that the original entries were by the second or third wife (both his first and second wives died early). Other entries were possibly made by the youngest child of his second marriage, Anthony Dyer. Jonathan lived near and with the Anthony Dyer family for some years, and it is through their line that the Bible was kept and given to Virginia.

The notes on the top and bottom of the first page of the Record were handwritten, also possibly by the grandson Willis Dyer. They are shown on the following page in brackets [].

INFORMATION ON JONATHAN DYER

=====

- Birth date- Jonathan Dyer's bible
Have not located birth date exact for Nancy, or her
Parents.
- Mg dates- Jonathan to Fannie Bufford Recorded Harrison Co. IN 1822

Jonathan to Nancy Boley not sure where- 1834 Although
Jonathan was living in McDonough Co. IL in 1835 believed
he was probably married in IN, where he was living in
in 1832, in Harrison Co. The Boleys were there also but
have not been able to link Nancy with any of them.

Jonathan to Phebe (Ward) Morris 31 May 1866 recorded in
Polk Co. OR. She died 15 Feb 1886 in Polk Co. OR.
- Death date- Jonathan's death was 1892 in Polk Co. OR. where he resided
with his son Anthony. and is buried in the Salt Creek cem
between his last two wives.
- Parents: He stated in a letter to his granddau, who his parents were
and also his grandparents and his brothers and sisters.
- Children: Also have learned of them thru census and other
correspondance. Not all complete though.
- Military: Jonathan was in the Army (statement was from VA) but not
sure this would be correct. I'm not convinced he was in
the military. Was too young for 1812 war, too old for
Civil War and was living in OR at that time. (GLT- I
believe this statement was refering to another Jonathan
possibly)
- Pictures: Have picture of Jonathan as elderly and taken in Salem, OR
don't know when. and also one of his 5 children, taken
when all elderly, Dennis, Robert, Julia, Green and George Dyer

Dear Mrs Treadway,

Our Courthouse is open Monday - Friday from 8: AM - 4:30 P.M. Closed on Saturday. The Library is open 11: AM - 8:30 P.M. Monday - Friday 10: - 5 Sat. and Sunday P.M.

The wedding records go back to 1839 I believe and are good. Some say the Quakers did not think it necessary to report their marriages. The birth and death records were not kept in the county until 1880 and they are not complete even in the last 50 years. I have never gotten into wills and probate so I have no first hand knowledge in that area. Have heard there are no indexes in the old records so they may be hard to find. The land transfers I believe are good.

Our Genealogical Society was organized in Oct 1972 I believe. It meets on the third Saturday evening of the month. Our dues are one dollar per year. As late in the year as it is you may want to wait until November to join so you will get a full year. We have not made a charge for our work. If you come to Fairfield I certainly hope to see you. My phone is 472-3701. I live about four blocks from the Court House. I am a widow living alone so am rather lonely and do not stay at home bemoaning my lot. So if you should not get an answer the first time try again. If you write before you come I shall plan to be home if possible. You might like to stay at my home.

Our Keep Young Club is planning a foliage trip up through Wisconsin and Minnesota Oct 13-16. Our Keep Young Club meets the third Tuesday for a 12: noon co-op dinner. I am a member of DAR and ~~three~~ church women's groups so you can see I keep busy.

Expecting to see you, I remain sincerely yours,

My Dear Granddaughter

I received your very welcome letter a few days ago was glad to hear from you glad to know that you are such a large hearty girl. I am not feeling very well I have taken a serious cold but I guess I will be all right in few ^{days} yet I am a great deal better than I was when you left here I am still able to ride around in my cart. Willis harnesses up & opens the gate for me & then I go I went to Ballston the day I got your letter & stopped at the shop the wagon-maker was at work at something & struck a stick it flew 20 feet & struck me in the face & bruised my face so bad that you would think I had been fighting - knocked one of my teeth out. I am getting to feel to leave up there to see you & then I haven't got the means to go I only have \$250. dollars in money it would take it all if I were to go to see all my children.

Dear Gladys,

I hope I can help with the questions you have on my Burford family. I find as time goes on, I find more and newer information which may change information that I have sent out earlier. As you know, there is very few "sure" facts in our early ancestors. I list the most accurate information I have, but am always ready to except changes if new facts warrant the change.

I have no proven information on the origin and relatives of Isabell Sears. I have a list of Sears, that appear to be her relatives due to belonging to the same church, and also being listed on documents with the Burfords'. I do not have any direct linkage.

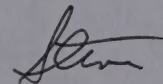

To my knowledge, there was not a child of Milton Burford named Ann. There is a lot of confusion with the connection of Milton Burford with the Haggerty Name. As you can see from items enclosed, the Milton referred to, is not our Milton.

I have not researched the family of Martha Isabelle, other than the info enclosed. I hope to do more researching on this family in the near future. I will put you on my mailing list for new info.

I am doing a lot of research on my Danielson family from Jefferson Co., Iowa, and if you come across any info on this family, please let me know. I have enclosed a family chart.

I hope I have been of help to you, thanks for your continued interest in the Burford family!

Yours,

Steven M. Myers

BUFORD

This is a numerous and honored family. The name is found well distributed in the learned callings and professions, and the members of the family are widely disbursed over the United States.

The progenitor of the American family was Richard Beauford, who emigrated from Gravesend, England, in the ship *Elizabeth*, August 1, 1635. The record shows that he was examined by a Minister of the Church of England as to his loyalty to the King and took the prescribed oath of allegiance. According to *Hotten's Lists*, he was then eighteen. He was born therefore about 1617-1618. He is very definitely identified as the founder of the American family as "There is no other Beauford, Beauford, or Buford to be found in any list of immigrants."*

Richard Beauford seems to have settled in Lancaster, Vir-

ginia. This surmise is based upon the fact that the deed records of Lancaster County show that April 15, 1656, "John Vause assigned Richard Beauford three hundred acres of land lying on the south side (of) Rappahannock River, up in the freshes, bounding on the land of Thomas Hawkins," etc. Nothing else has been found concerning Richard Beauford.*

He is supposed to be the progenitor of the Beaufords, Beauforts, Bluefords, Blufords, Bulfords, Burfords and Bufords in America, and of the descendants who trace through John Beauford, of Christ Church Parish, Middlesex County, Virginia.

One of the first entries in the register of Christ Church, Middlesex County (which begins in 1653), is that of the marriage of John Blueford and Elizabeth Parrot, April 11, 1662. "He was then probably twenty years of age, and, therefore, born in 1642. It is also probable that he was the son of Richard, and not born in Middlesex County, where Richard is found in 1656, but came there with his father, for in the register there is an entry to the effect that Richard Perrott, Jr., who was born the 24th of February, 1650, was the first male child that was born in that county of English parents."†

On March 17, 1663, John Beauford and Francis Broughton were granted 300 acres of land "in the County of Lancaster (now Middlesex)," etc.

It is the assumption that Richard Beauford was the father of John Beauford, who married Elizabeth Parrot, April 11, 1662, but this fact is not definitely proved. The historian of the Buford family has allowed this assumption and we may follow him. The definitely established line begins with John Beauford (d. April 18, 1722), who married Elizabeth Parrot. Richard¹ Beauford (The Emigrant), shipped from Gravesend, England, in the *Elizabeth*, August 1, 1635.

He is presumed to have married and had a son:

John² Beauford (d. April 18, 1722), of Christ's Church Parish, Lancaster County, Virginia, married April 11, 1662, Elizabeth Parrot.‡

Buford-Hardy.

In the *Buford Family in America* occurs this statement:

"Henry, son of Abraham and Sophia L. Buford, married Eleanor Hardy,—Children, Abraham (died young); John A., born Jan. 18, 1827; Paschal G., July 1, 1833; Massinella M., Feb. 29, 1836; Judith, and Mildred."*

Their descendants are found in Missouri, California and Oregon; they are traced to some extent in *Buford Family in America*.

Also on page 315 of *Buford Family in America* is this statement:

"Martha M., daughter of Charles and Sarah G. Buford, married November 26, 1833, C. C. Hardy, of Lunenburg County, Virginia. (Sic Catherine, daughter of Henry and Frances.) Children—James (died young), Ann, Mary, Charles (died young), Emma (married and died), Caroline (died young), Philip."

The C. C. Hardy here referred to is evidently Charles Coleman Hardy (b. Dec. 21, 1808), son of Charles Hardy (b. Apr.

*P. 161.

7, 1772, d. Jan. 25, 1830), of Lunenburg County, Virginia, and his second wife Sally Jordan Green (b. Oct. 25, 1783; d. Apr. 4, 1862), also of Lunenburg County, to whom he was married Feb. 22, 1804. (See Hardy Genealogy.)

This valuable volume also contains this paragraph:

"William Robert, son of Thomas and Martha P. Manson Buford, married Oct. 12, 1837, Emma J. Hardy (See Catherine Buford, below). Children: James H. and Mary R. (both died young). William Robert died July 5, 1850; lived at Dinwiddie C. H., Va., died there, and was buried, with his daughter, in the Old Pegram burying-ground. His son, James H., was buried at *White Hall*. Emma H. Buford married, second, E. J. Powell, and is a widow a second time. Lives in Nashville, Tenn."

The Bufords who trace the family stock through Lunenburg and the counties formed from Lunenburg are a numerous company.

Thus John and Judith Buford had several sons: Henry Buford of Bedford County, Virginia, who married Mildred Blackburn of Kentucky; Thomas Buford who served in the French and Indian Wars under Braddock (and Washington), and who is said to have commanded a company and been killed at the battle of Point Pleasant; James Buford, William Buford, Simeon Buford and Colonel Abraham Buford, whose force was massacred by Tarleton at the Waxhaws.

James, William, Simeon and Col. Abraham Buford, all, are said to have emigrated to Kentucky and became early settlers of Woodford County. Colonel Abraham Buford was the grandfather of Marcus B. Buford, the author of *The Buford Family in America*.

CALDWELL

This family is a very ancient one. It is said to be descended from the Albigenses and Waldenses of the Piedmont section of Italy, who were driven into France by the Roman Catholic persecutions. Some of the Caldwells, who were living at Mount Arid, near Toulon, France, earned the enmity of Francis I, of France, and after his escape from imprisonment under Charles

*Buford Family in America 292.

V, of Germany, three Caldwells, brothers, John, Alexander and Oliver, emigrated to Scotland, and there with the consent of James I, purchased the estate of a Bishop named Douglas, located near Solney Frith. It was provided that "the said brothers, John, Alexander and Oliver, late of Mount Arid," should have their estate known as "Caldwell" on condition that when the King should require they should each send a son with twenty men of sound limbs, to aid in the wars of the King.*

There is a cup, preserved as an heirloom, which represents a chieftain and twenty mounted men, all armed, and a man drawing water from a well, with the words underneath, "Alexander of Caldwell." It also shows a fire burning on a hill, over the words, "Mount Arid," and also a vessel surrounded by high waves, which latter was intended to commemorate the fact that their ancestors were seamen in the Mediterranean, in the latter part of the Fourteenth Century.†

Oliver Cromwell's grandmother was Ann Cauldwell, and Joseph, John, Alexander, Daniel, David and Andrew, of Caldwell, went with Cromwell to Ireland, and in various capacities served his interest there, after his accession to the Protectorate. Upon the restoration of Charles II, a number of the family emigrated to America.

There are traceable three distinct immigrations of the Caldwells from Ireland.

First, John Caldwell, who with his family landed at New Castle, Delaware, Dec. 10, 1727.

Second, James Caldwell, of County Tyrone, Ireland, with his family who came in 1769. With him also came two younger brothers, John who settled in Virginia, and David who settled in one of the Carolinas.

Third, John Caldwell of Harmony Hill, near Ballymony, County Antrim, Ireland, who with his family somewhere between 1798 and 1800 settled on the present site of Salisbury Mills, Orange County, New York, except the youngest son, who settled in Charleston, S. C. Two brothers later came to

Info from Wolfe cem. Harrison Co. IN listed age at death of 67 yrs 8 mo 20 days.

His father listed as George W. and Mary Margaret Conrad Wolfe, both buried in Wolfe cem.

WIFE - Elizabeth H. BURFORD-2408

Believe Elizabeth and Samuel buried at Wolfe cem.

Elizabeths age at death was listed as 67 yrs 5 mo 1 da.

Marriage record of Elizabeth and Samuel from Book L Harrison Co. IN.
Was stated her father was Milton Burford.

(Info from Steven Myer of CA didn't list a daughter Elizabeth in his info.)

CHILD 1 - Elizabeth WOLFE-2409

Some info from Burford Charts from LDS library. Some from my research in IN. records.

She died at age 22 yrs 3 mo 10 days which calculates to birth date 17 Mar 1833.

I would gather since she died very young, they probably didn't have any children. Frederick did marry again and had at least 3 children, all buried in Wolfe cem.

Dear Steve,

I just received a letter from Virginia Bronson of Spokane, WA and said you had been working on the Burford family line and I maybe should contact you about info on Jonathan and Fanny Burford Dyer.

In looking over my info Ginny Bronson had already sent me some info that you had sent her in Jan 1995 on the Burford family.

I have enclosed what she had sent and was wondering if you could clear up the info on Ann Burford who was said to be daughter of Milton Burford and married 1800 to Wm Hagerty. Milton wasn't married till 1800 (unless was from former marriage?) Also do you have any more info on Milton's wife Isabel and his daughter Isabel Curry?

Since this isn't a direct line I haven't done much on researching but have done some in IN. on them. I descend from Jonathan Dyers brother Hugh Dyer from IN.

I imagine Ginny has sent you all on Fanny and her family and I have the same as she does but if I can help, in any case please let me know.

Sincerely,

You brightened
the day in
a special way!

Dear Melba,

Thanks for the letter,

and also for pointing out the mistakes I made - either I inputted incorrect info, or I goofed when I copied the info -

I have been working on my family genealogy for less than 1 year and I still am in the learning

stage!

I use the FTM program, and

have the PAF, but found it to hard

to use for a novice computer user -

ator. Wd I become more familiar

with the computer maybe I will

avert it!

I believe the correct spelling for

Melton Burford wife double is

SHIELDS - I have records that

show this spelling, including home

Church records - I do not have

a date of birth for double -

Melton did not have a

daughter Sam - I am sending

you some new FHS - you can see

the only happy connection the family

has - also you can see the other

"Morton Burford" which has caused me

Thank You

Very Much

CHILD 7 Ann M. DYER-1951

NOTES:

1977 was living in Phoenix, AZ. I had written to Paul and then called and talked to Martha on the phone. However they never answered my letters. She said Ann was living in Phoenix.

Didn't locate anyone fitting in Soc Sec Index.

1905 Jefferson Co. Buchanan Twp IA has census on cards, I.W. Dyer and Mrs I.W. Dyer and Anna listed.

1910 Jefferson Co. Buchanan Twp IA has one Anna M. age 10 with parents.

1920 not in Soundex A450 as Allen (don't know if checked IA or NE census).

CHILD 8 Glen A. DYER-1953

NOTES:

Birth records of Jefferson Co. IA. Vol 4 list birth date and parents. No date on death, after 1946 and Martha didn't say anything about him.

He was listed as living in 1946 according to obit of mother.

There was one Glen Dyer b. same date, card from NE who died Jun 1980 and zip code was 68467 which was York Co. and York city in NE. Prob. this person.

1905 Jefferson Co. Buchanan Twp IA has census on cards and I.W. Dyer and Mrs I.W. Dyer and Glenn listed.

1910 Jefferson Co. Buchanan Twp IA Glen W? age 8 with parents.

1920 Soundex, no Glen in NE.

CHILD 9 William S. DYER-1954

NOTES:

Birth records of Jefferson Co. IA. Vol 4 list birth date and parents. No date on death, after 1946 and Martha didn't say anything about him.

She was listed as Mrs Edith Koenigstein in obit of mother in 1946.

There was one Edith Koenigstein born this date in Soc Sec Index and card from NE and died Sep 1984 with zip of 85018 which was Phoenix, AZ. Don't know husbands name but was also one Clifford b. 1907 card from NE and died Jul 1977 Phoenix, AZ.

1910 Jefferson Co. IA Buchanan Twp Edith J. age 2 with parents.

1920 Sheridan Co. NE, Edith age 12 IA with parents & siblings.

CHILD 11 Thomas Robert Earl DYER-1957

NOTES:

Birth record Vol 5 Birth index, No date listed, others gave date of 1909 Father age 47 mother age 32. 12 children born with 10 living. No date on death, after 1946 and Martha didn't say anything about him.

Checked Soc Sec Index for a Thomas and Robert Dyer but none listed that fit.

1920 Sheridan Co. NE Thomas age 10 IA with parents and siblings.

CHILD 12 Arthur DYER-1960

NOTES:

Not located Birth record. No date on death, before 1946 as not listed in obit of mother.

Probably died before 1946.

1920 there was Arthur listed as born 1912 as son that is probably this child.

CHILD 13 Forrest DYER-1959

NOTES:

Not located Birth record. No date on death, after 1946 and Martha didn't say anything about him.

He was listed as living in obit of mother 1946.

There was one Forrest Dyer listed in Soc Sec Index born 19 Nov 1914 and card from NE and died 24 Apr 1992 but no place or zip code listed. Without knowing birth date not sure if this is the person.

1900 & 1910 has no Forrest listed with parents. so the 1914 date could be right.

1920 Sheridan Co. NE has Forrest age 5 Neb with parents and siblings. So believe the Forrest Dyer in SS index is probably right one. But with no zip don't know where to start except prob. Neb?

CHILD 14 Paul Francis DYER-1950

NOTES:

1977 was living in Omaha, NE. 3727 N 45th. Phone #451-8740. I had written to Paul and then called and talked to Martha on the phone. However they never answered my letters.

Here was also one Paul Dyer born 2 Dec 1902 and card from NE who died Apr 1965 at zip 93105 CA which was Santa Barbara but he was still living in 1977 so believe was the other person? (this person also not this one.)

1900 Jefferson Co. Buchanan Twp IA has one George b. Nov 1807-2 but no Paul Francis listed.

1910 Jefferson Co. Buchanan Twp has one Glifton? C. age 12 but still no Paul Francis in family.

CHILD 15 Harry DYER-1955

NOTES:

No date on death, was after 1946 and Martha didn't say anything about him.

He was listed as living in 1946 in mothers obit.

There weren't any Harry's in Soc Sec Index that was right without knowing birth date. None in NE.

1900-1910 no Harry listed in census with parents. (maybe he was born ca 1912?)

1920 Sheridan Co. NE had no Harry listed, he may have been the last child born just after census in 1920?

Notice----- Not dated

Mrs Will Sparks recently received from her brother, Willis Dyer, of Ballston, the old family Bible that belong to their grandfather Johnathan Dyer. Mr Dyer brought the bible in Kentucky, his native state. From where he moved to Illinois and from there to Iowa and from Iowa he came across the plains with an ox team to Oregon in 1852 and settled in Polk County on a donation land claim and in all the moves he carried the bible with him. Mr Sparks has a small wood box that his grandfather Sparks found floating down the Ohio river over 80 years ago and it is in perfectly good condition. The box was brought by Mr Spark's aunt, Mrs T. S. Laughry in 1878.

NOTES:

Update from Virginia and Richard sending me their new address as of 1997: 1416 N. McDonald Road #9, Spokane, WA 99216-3417. Phone # (509) 928-2836 and her e-mail address is rvbronson@aol.com

Notes

HUSBAND - George "Hollis" Dyer

Info from Lloyd Dyer, Minnie Dyer Bolin and Book on family by Virginia Bronson. He was buried at The Pines cemetery in Opportunity, WA. Virginia says Spokane, Spokane Co. WA he is buried at Pines cem.

George and Lela lived at 17620 E. Sprague, Greenacres, Spokane Co. WA. George farmed and was laborer and had private business. They belonged to the Church of Christ. This was info given to Lloyd by George and he sent it to me.

Info from Virginia Bronson. George and Lela ran away to get married. Lela was only 15. Families were very upset. There was quite a situation with their marriage. They were married first in Oct 1908 and then when they were brought back home by her parents they were remarried 7 Nov 1908 in Colfax and that is the date they celebrated.

George wrote some info on his father and family which I received from Virginia I think.

Find A Grave internet site listed birth and death dates and places, parents, spouse, 2 children (had 5), 4 siblings, pic of grave marker with both George and Lela. Also obit listed. (copy)

"IN THE GARDEN"

1. I come to the garden alone,
While the dew is still on the roses;
And the voice I hear, Falling on my ear;
The Son of God discloses.

Chorus

And He walks with me, and He talks with me,
And He tells me I am His own,
And the joy we share as we tarry there,
None other has ever known.

2. He speaks and the sound of His voice
Is so sweet the birds hush their singing,
And the melody That He gave to me,
Within my heart is ringing.

Immediately following Burial Services at the Worley Cemetery a dinner will be served at the Worley Grange Hall. Everyone is invited.

The sunshine of Lloyd's life the past 8 years has been his great-grand-daughter. They shared a rare friendship based on mutual love and respect and spent many happy hours gardening, building bird houses or just talking. When told that he had passed away, Angelique was quiet for a few moments as tears rolled from her eyes, then she smiled and said, "He sure was a good ol' Pok, wasn't he."

Those simple, uncluttered words from a child pretty much sum up the love we all felt for him. We offer our loving thanks to all who have shared these final tributes with us.

POK'S FAMTLY

IN MEMORIAM

Now the laborer's task is o'er;
Now the battle day is past;
Now upon the farther shore
Hands the bogager at last.
Father, in thy gracious keeping,
Leave we now thy servant sleeping.

"Earth to earth and dust to dust,"
Calmly now the words we say,
Left behind, we wait in trust
For the resurrection day.
Father, in thy gracious keeping,
Leave we now thy servant sleeping.

HUSBAND - Dennis Patrick (Joseph?) Dyer

Info from Lloyd Dyer, Minnie Dyer Bolin and also book on family by Virginia Bronson. Also an article Dennis P. Dyer had written on his life and family which was printed in the Dyer Search Newsletter Winter 1990 pg 5-6 which I have copy of. Was told to Ruth W. Dyer in 1906 by Dennis and at end signed Dennis L. Dyer. Article was quite interesting and gave you a feeling for that time period. I have included it below.

I have a picture of Dennis with his brothers and sister taken when they were elderly from Virginia Bronson. No date. There was also a picture of Dennis and his wife and son & dau with an article from Progressive Men of Southern Idaho which ad bio of Dennis and tells much same info as does the other article written below. Also told of wives family's info. Here is listed his two children that lived to maturity, Ruth and son Joseph Edgar, where as other info listed son as Joseph Francis.

He was buried at Weiser, Washington Co. ID in the Hillcrest cem. Said he died at Boise, ID. Some had sent his name as Dennis Joseph and some Dennis Patrick. Not sure which it is. In all articles listed as Dennis Dyer.

OBITUARY OF DENNIS: Don't know hat paper but article listed as: "Pioneer Came West in 1852 ---Dennis Dyer, Who Died Friday, Crossed Plains At Age of 13.---Dennis Dyer, who died in a Boise hospital Friday, crossed the plains in 1852. He was born in Fairfield, Jefferson county, IA, in 1889. His father, Jonathan Dyer, was captain of an emigrant train with which Dennis came west when only 13 years of age. ---The long journey, which was made in prairie schooners, was a dangerous and dedious one. Hostile Indians and swollen streams were a constant source of dread and vigilance for the hardy frontiersmen as they made their way slowly westward. ---At The Dalles, Ore, they were stalled by a severe winter and were forced to proceed to Portland, Ore, by yawl boat. They located near the Willamette river, in Polk county, about 6- miles south of Portland. ---At the age of 31 he went to Boise Basin and followed mining. Later he settled in eastern Oregon, in what was then Baker county and took up stock raising. From there he moved to Malheur county, where he served as county commissioner for four years. he moved to Weiser in 1900, where he retired from business and he has since made his home there. ---In 1884 he married Miss Ellen O'Brien of New York city. To this union four children were born. Two died in infancy. A daughter, Mrs R.E. Lefler, is living in Nampa, and a son Sergeant Joseph Dyer of th One Hundred and Forty-sixth machine gun battallion, went to Camp Mills, New York. ---Besides his wife and children he is survived by one sister, Mrs Julia Muncy of Waitsburg, Wash, and two brothers, Robert F. Dyer and Green Dyer, both of Idahome, Ida."

CENSUS RECORDS:

1840 Jefferson Co. IN Dennis would be age 1 (bible record stated he was born Nov 1839. Jonathon Dyer listed 2 males to age 5.

1850 Jefferson Co. IA Liberty twp pg 152 #11/11: Dennis age 10 IA with parents.

1860 Polk Co. OR Jackson Prec. 11 Jul pg 1095 #396/357: Have Daniel listed ans should be Dennis age 20 IA.

1870-1910 census not checked to date.

Article: "Dennis Dyer, Reminiscence of An Old Pioneer" As told to Ruth W. Dyer in 1906.

"I was born in the year 1938 (1838) at Fairfield, Jefferson County, Iowa; at this period Iowa was a territory. Here I spent my boyhood days until I was thirteen years old and then my father, Jonathan Dyer, being fond of frontier life

decided to move with his family to far away Oregon.

We left home in May, 1852, twenty-one wagons, about one hundred fifty heard of cattle and horses and a pack of hounds composed the emigrant train of which my father was captain.

Council Bluffs was the last settlement we passed through. From there on only the wide open plains lay before us.

We crossed the Missouri River in a ferry boat and landed at Louis Fork, North Platte, then Laramie, Sweetwater, Big and Little Sandy, Green river, Nams Fork and Bear River. On reaching the Snake River, which we croseed twice, once at Salmon Falls and again at the mouth of Boise River, we discovered a new invention in the line of ferry boats.

Several wagon beds were lashed together into which we put our bedding, provisions and so fourth and then took our wagons apart, one by one, and sent them across. This sometimes took an entire day. We next forded the Malheur River where Vale, the county seat, now stands. Then Burnt river at Huntington where a big black rock still marks the old fording place. Powder River was next and thence into Grande Ronde Valley. It required several days to cross the Blue Mountains. We camped at what is now Meacham on the summit of the mountains. The rest of our journey being through an open country was much easier. We next crossed Umatilla, Buttercreek, Willow Creek, John Day, Deschutes, Ten Mile, Five Mile and at last reached the Dalles.

As this was the year of the cholera among the Indians, we were not troubled any by them.

Owing to the intense heat and the lack of water we crossed the deserts at night.

Two deaths occurred on the way. One man was buried at midnight. This funeral contrasted very much to the words of Wolfe in the burial so Sir John Moore, "Not a drum was heard, not a funeral note."

All the way across feed, was very plentiful for the stock so we did not hurry. Althought plenty of buffalo and deer were killed, part of the train had not made their preparations for the trip and before we had completed half the trip their supplies were exhausted. My father killed a beef every few days to supply their wants and then we ourselves ran short when we reached The Dalles where we wintered from October to Feb.

The Dalles at this time consisted of three houses anda government post. I cannot recall the old colonel's name but I can recall that he would give us no aid when we sadly needed it.

All our stock died, cattle and horses, very animal except one old hound out of a pack. Father was offered \$50 for her but would not give her up. Our food supply gave out and we lived principally on emigrant beef of very poor quality. A man could eat all he could hold and in less than an hour be as hungry as ever. The bread was made of bran and shoots and was good if we only had enough of it. Father sent to Portland for supplies but the men never came back.

The snow was 2 1/2 feet deep and crusted so mankind could walk all over it. We put gunny sacks boots on horses.

In Feb. we started for Portland in a yawlboat. We made portage over the Cascade Falls which required eight days. In going through the rapids the boat struck a rock and one of the owners was drowned. I saw the same rock last year below the Cascades.

At this time Portland was not as big as Weiser is now. There were no such buildings as we can boast of here. Their houses were little old lumber shacks.

I killed my first deer on Portland Heights and I felt so big that Herman the Plumber's coat would not make a vest for me.

We stayed in Portland three months and then moved southwest into Polk County whree father took up a donation claim amounting to three hundred twenty acres. This was the amount of land allowed a married man while a single was allowed one hundred sixty acres. Most all the land was taken in this section but little was under cultivation. Our food now consisted of game, boiled wheat and brown wheat coffee, which we considered a luxury.

We now procured employment chopping and splitting rials. You people talk of eight hour labor, our days work was from day light until dark. I worked at this until 1873 when I learned to speak Jargon and moved to eastern Oregon.

I then turned my attentions to stock raising andright here let me say you people of today have a picnic to what the pioeers had. We spent our energies in seeking more comfortable conditions and really what we need is not a more comfortable lot but a hardier life. It is the people who have wrestled with rigorous climates and difficult territories who have given to history its greatest figures. Signed: Dennis L. Dyer"

(this article stated 1938 for his birth and just mistake, should have been 1838 however according to fathers bible he was born Nov 1839).

Another article from a paper, prob. or history? Progressive Men of Southern Idaho Bio of Dennis Dyer. Much the same info as above but did give info on his family. Parents: Jonathan and Nancy (Bolley) Dyer (believe to be Boley). the former a native of KY and the latter of IN. His father moved from his native state of IN when a young man and migrated with his family first to IL then to Iowa and in May 1852 they started with ox teams to Oregon in a trip of 6 months. Settled in Polk county near the town of Salt Creek where the parents passed the remainder of their days, the mother dying in 1865 at age 60 and father 20 Jan 1892 at age 91 yrs 18 days. They rest in the Salt Creek cemetery. The paternal grandfather, Charles Dyer, was a native of Virginia and veteran of war of 1812, the greater part of his life being passed in KY.(he died in IN 1831-GLT). The grandparents on the mothers side were Indiana pioneers coming from IN at an early day and the maiden name of the grandmother was Hearst (actually Hurst-GLT). They remained in IN where they died. Dennis moved from Iowa to Ore with parents and at 21 he turned his attention to

farming and stockraising, following the business in Polk county, OR for 4 yrs then moved to the eastern part of th state and was occupied in various pursuits until 1881. He then took up a homestead in Malheur county where he lived until 1890. He then sold his interest in Oregon and moved to Idaho, locating one mile west of Weiser on the ranch which he now occupies, where he reumed farming and stock operations and where he has since conducted them with increasing profits and on an expanding scale. He produces excellent crops of hay and a goodly yield of fruit, while his stock business is on of the most extensive and progressive in this part of the county. He has improved his ranch with a good brick residence and comfortable barns and equipped it with every needed appliance for its purposes so that it stands as a model home, on of the representative ones of the valley.

WIFE - Helen Ellen "Nellie" O'Brien

Was stated she was brought to Washington by her brother, William, from Ireland, who died at her home Jan 1925 at age 68 years of age.

Buried at the Hillcrest cem at Weiser, ID.

There was an article in the paper dated The week of Jan 25, 1925 believe to be obit of her brother Billy. Also stated how he came to America and then sent for his sister and was his housekeeper for a while until Dennis came along and they were married. Stated "the young Irish lass soon known throughout the wild countryside account of her love of the riding and the dancing and the sparkle in her eyes, so blue as the Oregon skies" After William got sick she took care of him until his death.

Progressive Men of Southern Idaho: A.W. Bowen & Co: Chicago pub 1904: Ellen was daughter of William and Mary Barry O'Brien.

rec from Virginia Bronson

DENNIS DYER.

Dennis Dyer was born in 1839, in Jefferson county, Iowa, the son of Jonathan and Nancy (Bolley) Dyer, the former a native of Kentucky and the latter of Indiana. His father moved from his native state to Indiana when a young man and there lived for a few years and married. From Indiana he migrated with his family, first to Illinois and later to Iowa, and, after a residence in Iowa of a number of years, in May, 1852, they started on the long journey across the plains with ox teams to Oregon, occupying six months by the trip. They settled in

Polk county near the town of Salt Creek, and there the parents passed the remainder of their days, the mother dying in 1865, at the age of sixty, and the father on January 20, 1892, at the venerable age of ninety years and eighteen days. Their remains rest in the cemetery at Salt Creek. The paternal grandfather, Charles Dyer, was a native of Virginia and a veteran of the war of 1812, the greater part of his life being passed in Kentucky. The grandparents on the mother's side were Indiana pioneers, coming from Indiana at an early day, and the maiden name of the grandmother was Hearst. They remained in Indiana until death ended their earthly labors and called them to their final rest.

Dennis Dyer was the third of the eight children born to his parents, and attained the age of thirteen years in Iowa, then accompanied his father's family to Oregon, and in its Polk county home in that state reached man's estate, finishing his education in the neighboring schools. At the age of twenty-one he assumed the responsibilities of life for himself, turning his attention to farming and stockraising, following the business in Polk county, Ore., for four years, when he moved to the eastern part of the state and was occupied in various pursuits until 1881. He then took up a homestead in Malheur county, where he passed his time until 1890, making necessary and desirable improvements, bringing the soil to generous productiveness and conducting a flourishing stock industry. In 1890 he sold his interests in Oregon and moved to Idaho, locating one mile west of Weiser on the ranch which he now occupies, where he resumed farming and stock operations, and where he has since conducted them with increasing profits and on an expanding scale. He produces excellent crops of hay and a goodly yield of fruit, while his stock business is one of the most extensive and

progressive in this part of the county. He has improved his ranch with a good brick residence and comfortable barns, and equipped it with every needed appliance for its purposes, so that it stands as a model home, one of the representative ones of the valley.

Mr. Dyer has been a Republican since his young manhood. His first vote was cast for Lincoln for President, and he has supported the candidates of the party ever since with loyalty and firmness. While not desirous of public office, he has been called upon to fill places of local importance, notably that of county commissioner in Oregon, which he held for four years, with marked advantage to the people. He was married in 1885 to Miss Ellen O'Brien, a native of Ireland, and a daughter of William and Mary (Barry) O'Brien, also natives of that country where all their lives were passed, the father dying in 1880, at the age of eighty years, and the mother in 1886, aged seventy-five. They were buried at Castle Connell in County Limerick, the father having been long a valued soldier of the British army. Mr. and Mrs. Dyer have two children, their daughter Ruth and their son Joseph Edgar. Life is passing pleasantly with these life companions as its evening draws nigh and its contests are seemingly over. They rest secure in the competence of worldly wealth and the public esteem they have won wholly by their merit, their intelligence and their kindliness of heart.

"When O'Brien was known throughout the section for many years, passed away at the home of his sister, Mrs. Ellen Dyer, Wednesday at the age of 68, from paralysis."

Continued from Page 1

O'Brien, rather with his sister, Mrs. Dyer, if one would be after exactness—though after all, he did play his small but important part. For here it was in the early days that Billy had his home on the Oregon side just opposite the little town of Boomerang, or maybe thereabouts. And he amakin' his living, aside from his other activities that is, by taking the big fish, the beautiful silvery sided salmon, from the deep Snake river at the proper times—a money making business indeed for them who were the lucky ones.

And all the time, what with his havin' to be away so much from home, he was aneedin' somebody for to keep the place tidied up and the victuals cooked, or the ridin', or whatever.

So he bethought himself of his sister Nellie—as he was always after calling her—he had left across the ocean, over in Ould Ireland. So there was nothing would satisfy himself then but for to send for her to come away to this new western country. And when she came, as she did, he installed her as housekeeper in his (until then) lonely home.

But, by the saints and all, if it but the short time until all digible young bucks of the round; the homesteading huns, the hard riding cattle—

to say nothing of the young relays from the settlements—were all acourtin' of Miss Nellie, the young Irish lass soon known throughout the wild countryside account of her love of the riding and the dancing—and the sparkle in her eyes, so blue as the Oregon skies.

Now it came on that one of these fine youngs lads, Dennis Dyer his name was, a cattleman running many a heard of stock on the nearby range, in due time it was easy seen he had the inside track of Miss Nellie's affections. And with his Irish persuasiveness he made her see his need of a housekeeper to be greater than that of her brother Billy, and that it was of a certainty her duty to come manage his home for him. So in good time the banns were put up, and at the proper time the two of them stood before the priest. And 'twas then Miss Nellie became Mrs. Dyer, and went with her husband Dennis to his home, that was always thereafter her home too.

And what of Billy, her brother? Ah well, it is only fair to believe, he was but little surprised at the turn events had taken. But though he may have had little liking for it, he went back to his batchin' ways, his own cookin' and mendin', and nobody to see to the warmin' of his broth but himself. But faith, when old age came, and the sickness, wasn't he once more again, under his own sister's kind care, only this time at her home, 'stead of his own—God rest him.

PIONEER CAME WEST IN 1852

Dennis Dyer, Who Died Friday, Crossed Plains at Age of 13.

Dennis Dyer, who died in a Boise hospital Friday, crossed the plains in 1852. He was born in Fairfield, Jefferson county, Ia., in 1839. His father, Jonathan Dyer, was captain of an emigrant train with which Dennis came west when only 13 years of age.

The long journey, which was made in prairie schooners, was a dangerous and tedious one. Hostile Indians and swollen streams were a constant source of dread and vigilance for the hardy frontiersmen as they made their way slowly westward.

At The Dalles, Ore., they were stalled by a severe winter, and were forced to proceed to Portland, Ore., by yawl boat. They located near the Willamette river, in Polk county, about 60 miles south of Portland.

At the age of 31 he went to Boise Basin and followed mining. Later he settled in eastern Oregon, in what was then Baker county, and took up stock raising. From there he moved to Malheur county, where he served as county commissioner for four years. He moved to Welser in 1900, where he retired from business, and he has since made his home there.

In 1884 he married Miss Ellen O'Brien of New York city. To this union four children were born. Two died in infancy. A daughter, Mrs. R. E. Lefler, is living in Nampa, and a son, Sergeant Joseph Dyer of the One Hundred and Forty-sixth machine gun battalion, went to Camp Mills, New York.

Besides his wife and children, he is survived by one sister, Mrs. Julia Muncy of Waitsburg, Wash., and two brothers, Robert F. Dyer and Green Dyer, both of Idaho, Ida.

DENNIS DYER
 "REMINISCENCE OF AN OLD PIONEER"
 "As Told To Ruth W. Dyer In 1906"

Newspaper Article: source and date unknown

"I was born in the year 1838¹⁸³⁸, at Fairfield, Jefferson County, Iowa; at this period Iowa was a territory. Here I spent my boyhood days until I was thirteen years old and then my father, Jonathan Dyer, being fond of frontier life decided to move with his family to far away Oregon.

"We left home in May, 1852, twenty-one wagons, about one hundred fifty head of cattle and horses and a pack of hounds composed the emigrant train of which my father was captain.

"Council Bluffs was the last settlement we passed through. From there on only the wide open plains lay before us.

"We crossed the Missouri River in a ferry boat and landed at Louis Fork, North Platte, then Laramie, Sweetwater, Big and Little Sandy, Green River, Nams Fork and Bear River. On reaching the Snake River, which we crossed twice, once at Salmon Falls and again at the mouth of Boise River, we discovered a new invention in the line of ferry boats. Several wagon beds were lashed together into which we put our bedding, provisions and so fourth and then took our wagons apart, one by one, and sent them across. This sometimes took an entire day. We next forded the Malheur River where Vale, the county seat, now stands. Then Burnt River at Huntington where a big black rock still marks the old fording place. Powder River was next and thence into Grande Ronde Valley. It required several days to cross the Blue Mountains. We camped at what is now Meacham on the summit of the mountains. The rest of our journey being through an open country was much easier. We next crossed Umatilla, Buttercreek, Willow Creek, John Day, Deschutes, Ten Mile, Five Mile and at last reached the Dalles.

"As this was the year of the cholera among the Indians, we were not troubled any by them.

"Owing to the intense heat and the lack of water we crossed the deserts at night.

"Two deaths occurred on the way. One man we buried at midnight. This funeral contrasted very much to the words of Wolfe in the burial so Sir John Moore, 'Not a drum was heard, not a funeral note.'

"All the way across feed, was very plentiful for the stock so we did not hurry. Although plenty of buffalo and deer were killed, part of the train had not made their preparations for the trip and before we had completed half the trip their sup-

plies were exhausted. My father killed a beef every few days to supply their wants and then we ourselves ran short when we reached The Dalles where we wintered from October to Feb.

"The Dalles at this time consisted of three houses and a government post. I cannot recall the old colonel's name but I can recall that he would give us no aid when we sadly needed it.

"All our stock died, cattle and horses, very animal except one old hound out of a pack. Father was offered \$50 for her but would not give her up. Our food supply gave out and we lived principally on emigrant beef of very poor quality. A man could eat all he could hold and in less than an hour be as hungry as ever. The bread was made of bran and shoots and was good if we only had enough of it. Father sent ot Portland for supplies but the men never came back.

"The snow was 2 1/2 feet deep and crusted so mankind could walk all over it. We put gunny sacks boots on horses.

"In Feb. we started for Portland in a yawlboat. We made portage over the Cascade Falls which required eight days. In going through the rapids the boat struck a rock and one of the owners was drowned. I saw the same rock last year below the Cascades.

"At this time Portland was not as big as Weiser is now. There were no such buildings as we can boast of here. Their houses were little old lumber shacks.

"I killed my first deer on Portland Heights and I felt so big that Herman the Plumber's coat would not make a vest for me.

"We stayed in Portland three months and then moved southwest into Polk County where father took up a donation claim amounting to three hundred twenty acres. This was the amount of land allowed a married man while a single was allowed one hundred sixty acres. Most all the land was taken in this section but little was under cultivation. Our food now consisted of game, boiled wheat and brown wheat coffee, which we considered a luxury.

"We now procured employment chopping and splitting rails. You people talk of eight hour labor, our days' work was from daylight until dark. I worked at this until

1873 when I learned to speak Jargon and moved to eastern Oregon.

"I then turned my attentions to stock raising and right here let me say you people of today have a picnic to what the pioneers had. We spent our energies in seeking more comfortable condi-

tions and really what we need is not a more comfortable lot but a hardier life. It is the people who have wrestled with rigorous climates and difficult territories who have given to history its greatest figures.

Husband **Anthony Wayne Dyer**

Wife **Martha Emily Mc Kune**

Notes

HUSBAND - Anthony Wayne Dyer

BIRTH: Info from family bible, Minnie Bolin and Virginia Bronson.

MARRIAGE: Md at Polk Co. OR. Bk ? pg 57 md at home of W.H. McKune

DEATH: Polk Co. OR. buried at Salt Creek cem. Polk Co. OR.

Info from Minnie Dyer Bolin: Notice that Mrs Will Sparks received from brother Willis Dyer of Ballston, the old family Bible that belonged to their grandfather Jonathan Dyer. Said Bible bought in KY. Carried Bible from KY, to IL to IA and to OR. (Jonathan was also in IN-GLT) However the bible wasn't printed until 1855 and they were in Oregon by that time.

WIFE - Martha Emily Mc Kune

Info from Virginia Bronson. Said she died at home.

On this program if name is McKune would look better to write MC KUNE I think.

CHILD 1 - Willis Raymond Dyer

Info from Virginia Bronson. He died in the hospital at Salem.

Willis never married. He farmed his parents home place for years.

Willis advertised for a wife, copy of article undated, but apparently never found one as he never married.

Find A Grave listed his birth date as 1875 whereas the family listed it as 1895, death 1961, pic of grave marker which has the earlier date, (copy)

Moved to Sheridan, Yamhill Co. OR abt 1920. It was told sometime after he moved to Sheridan he bought an old store building in Sheridan, partitioned it into rooms and lived there most of rest of his life until he had to go to a nursing home in McMinnville in 1958.

CHILD 2 - Bertha Lenora Dyer

Info from Virginia Bronson. Bertha died in a nursing home.

Bertha was 17 when her father died. She died at age 97.

Find A grave listed Bertha L. Sparks birth and death date and years on the stone, Dallas, Polk Co. OR, Salt Creek Cem. (copy)

She was married at the home of husband's father Levi Sparks on third street. She also had worked in cannery's and rented part of her home out for income. Later she moved to Salem to be near her sister then went into nursing home.

Newspaper article said she received her grandfathers bible from her brother. Also said Mr Sparks also had a small wood box that his grandfather Sparks found floating down the Ohio river over 80 years ago and was in good condition. The box was brought by Mr Sparks aunt, Mrs T.S. Loughry in 1878. (however it turns out that bible wasn't printed until 1855 and Jonathan came to OR in 1852) Virginia Bronson has that bible and also one belonging to Willis.

CHILD 3 - Zella Irene Dyer

Info from Virginia Bronson.

Zella was married at the home of her sister Mrs Will Sparks. They had one son and he married and had 4 children.

Husband	William Robertson "Will" Sparks
Wife	Bertha Lenora Dyer
Notes	HUSBAND - William Robertson "Will" Sparks Info from Virginia Bronson. Will was buried at the Forest View cem in Forest Grove, WA. WIFE - Bertha Lenora Dyer Info from Virginia Bronson. Bertha died in a nursing home. Bertha was 17 when her father died. She died at age 97. Find A grave listed Bertha L. Sparks birth and death date and years on the stone, Dallas, Polk Co. OR, Salt Creek Cem. (copy) She was married at the home of husband's father Levi Sparks on third street. She also had worked in cannery's and rented part of her home out for income. Later she moved to Salem to be near her sister then went into nursing home. Newspaper article said she received her grandfathers bible from her brother. Also said Mr Sparks also had a small wood box that his grandfather Sparks found floating down the Ohio river over 80 years ago and was in good condition. The box was brought by Mr Sparks aunt, Mrs T.S. Loughry in 1878. (however it turns out that bible wasn't printed until 1855 and Jonathan came to OR in 1852) Virginia Bronson has that bible and also one belonging to Willis. CHILD 1 - Wayne Levi Sparks Info from Virginia Bronson. He was buried at Forest View cem.

Mrs. VIRGINIA L. BRONSON
N. 221 SUNDERLAND RD.
SPOKANE, WASHINGTON 99206

September 13, 1990

Dear Gladys:

This letter will start off sadly, but thought I should let you know that my Aunt Minnie (Dyer) Bolin you corresponded with, has passed away.

I've had your address from my cousin Lloyd Dyer of Worley, Idaho and then Minnie gave it to me this year when we were visiting her in Apache Junction, AZ, and she asked I write you. I also got it while we were gone from The Capt John Hurst Exchange. We travel most all the summer months, so am very slow in reacting--and apologize for that.

A relatively newcomer to family history (less than three years), I've made some inroads on both my father's and mother's history (Dyer is my father's side--he was the eldest of the children and passed away in 1981. Of course, then, I am a descendant of Charles Dyer and Mary Hurst.

Lloyd Dyer is having great difficulties with cancer--believe now classed as bone cancer, as of the pelvic and spine area. We have visited Lloyd and Kathryn, and I do keep in touch with them. I got copies of most all his papers, information from Minnie and another Aunt-Hazel-. I'm, also in contact with several other Dyer's in Oregon--and have been trying to put all their work and everything I can learn together. I did some draft typing this winter and sent out some copies--but see in my haste I did a couple of 'stupid' errors. I will correct it with the three people I sent it to--Minnie (who did not receive it as it arrived two days after her death; Hazel; and J. William and Sharon Hurst in Indiana. I was anxious to get it down to be readable by my Aunt's. All of them had lots of information, but never got with one another enough to put it all down, and I am trying. Minnie was overjoyed and I mostly was trying to get it to her--she was my favorite, and a wonderful lady. She was 90, fighting bladder cancer and arteriosclerosis for years. She was ill again after having several bad times recently for polyps, etc. and went to the doctor. He said you have pneumonia and must go to the hospital, and she told him she was going home. He said he would arrange for the ambulance to pick her up there and take her, and she said NO. She was gone very quickly. I greatly miss her, as do all three of her daughters (who are just interested in seeing the history, but not really working on it). A true loss to all.

I have another reason for writing you also. I've been unable to trace my Boley line (or Bowley as they spelled it here), for Jonathan Dyer's wife--and I noted you have a Boley descendant also and wondered if you might have information on them. Jonathan, born 2 Jan 1802 in Washington County, Kentucky, son of Charles and Mary (Hurst) Dyer, m. second a Nancy Boley/Bowley on 27 Sep 1835. Nancy was born in 1811 in Nelson, Kentucky. They were married in Harrison County, Indiana. I have the family information from their marriage forward, and if you were interested in Jonathan and her and their family, would try to give you a correct copy of their families on up forward. I want to learn

all I can about her and her family, and am hopeful you may be willing to help me in this area.

I have a couple of sheets that were in Lloyd's papers that show Jackson Township, Harrison County, Indiana and the Boley-LaHue Family Cemetery, and that lists several Boley's (came from a P.A. Lindemeyer in South Carolina in 1986 when she apparently visited there). If you don't have these two sheets, would be happy to forward them. I've not found access to the census for where Nancy might fit in with the families....

By way of introduction, I am 58 years old shortly, and my husband is a 25~~6~~ year Air Force retiree (CMSgt, highest enlisted grade). We lived all over (he was born in New York state and moved all over before entering the Air Force at 18). We lived many places, but retired in 1978 to Spokane where my parents lived, and not too far distance from his family. We have lost all except my Mother since then, but still haven't found another place we want to live as yet (always thinking about it, but fill our summer's traveling, and winters doing bookwork on the family history we are both working on). Two years ago he quit selling K-Mart appliances after ten years, and now we do family history and travel. We've a duplex we rent after selling our house with a huge yard. Our neighbors are wonderful and watch things for us, and only a tiny yard to be concerned with. We travel in our 1988 van (nearly 50,000 miles on it already), and our 16' fiberglass trailer. Have lots of fun meeting people, visiting libraries and archives, etc. This mainly started last fall, and we've been going lots since. We weren't able to have children, and so perhaps will leave something for those who do. Regardless, we both have always loved reading and history, and have reached the right age when this is of great interest (they say that the 50's often does this, and may be right--my Mother tried to get help about twenty years ago and I really didn't care). When my husband's ^{father} parent passed away, he was asked if he wanted a copy of his family history his grandfather had done (from age 8-15 ^{Pick} he lived in lots of foster homes while his natural Mother was sick, and then in high school got back with his family again, so never knew much of this father's family). When he got about 20 pages and started verifying and embroidering on it, I said I might as well help my Mother, so.....

Whether you can help on Boley's or not, I did want to tell you about Minnie. I, of course, am certainly not against learning more about Charles and Mary Hurst et al either. Hope to hear from you, and also hope all is well.

Sincerely,

Another Cousin

Virginia

Dear Virginia,

I was very happy to receive your letter, however at the time I had just started fall housecleaning and redecorating the bathroom, from top to bottom and wasn't sure when I would get done. But happily I am thru with all I intend to do and now can get back to genealogy.

I have typed out some family group sheets on Jonathan Dyer, showing information that I have on his 2nd family, which you can see is not very much. I had corresponded with Minnie and then went to see her and after I was there I guess she got sick as I never heard much from her after that. I then received some info from Lloyd Dyer and he sent me info on his family. Had also recieved a letter from Hazel Reilly and she never sent me anything.

I was sorry to hear of Minnie's passing, she was such a wonderful person and I really enjoyed the short visit I did have with her. Had always hoped to get back to AZ but never did.

I'm not sure if I know what your line is, maybe you will send me family group sheets to show your line. Also if you have more information on the rest of the family from there would be most happy to pay for copies of them. It would be nice to complete Jonathans family. I had done some research in Jefferson Co. IA some years ago and had located some info on the first family's children, but since the 2nd family went to OR. I hadn't gotten to them much.

I'm sorry to say I don't have any info on parents of Nancy Boley. I do have some info on other Boleys in Harrison Co. IN as they are all related and I have a direct line of Boley from there. They came from Nelson Co. KY and so know the ones there were related but had not been able to locate any descendants from that time period that has any info. The Boley line has been spelled many different ways. There are still descendants from the line that went to MO around Clark Co. and Lee Co. IA. but haven't come up with anything there. Give me some time and I will recheck what I have on the KY/IN Boleys and see if I had overlooked anything and maybe can give you some leads anyway.

I have been to the Boley-Lahue cemetery in Harrison Co. and have pictures of the stones there and also copy of cemetery record of cem. Nancy doesn't fit to my direct line but could be dau of brothers of Isaac Boley, but don't know. Have quite a bit on the Boley's and Dyers and Hursts, let me know what you are interested in and will try to help.

In all your travels, if you ever come this way be sure to look me up. I am always happy to meet new relatives.

I don't know if you have any info on me, as I can't remember what I sent Minnie but I am 55 years old and have been married to Charles since 1965. 3 children by former marriage, Sherryln Kay and son Jason Blair Houser live in Virginia, MN and Larry Martin Houser is divorced and lives in Hazelton, PA, and Gayle Renee Houser Bush lives close to here with her two children, Caanan Scott and Brittaney Renee Bush. Divorced from their father who lives in CA. So they are scattered and of course none interested in the family history that I have spent 21 years working on. So who knows where it will all go.

I just stay at home and work on genealogy and sew and work at the computer about every day. Do belong to Genealogy clubs and computer clubs so do get out. My Mother and I go shopping or somewhere about every Saturday. My father was killed in 1971 and she remarried and only lives about 5 blocks from me. My husband is in a wheel chair and pretty much house bound so we don't get anywhere very often. He had back surgery in 1977 and had been getting worse the last few years. He was able to walk at first but last 2 years has not. He was in the Army for 20 years and retired in 1971 as Chief Warrant Officer then to Service Station business until he had to sell it. We then moved to TX in 1978 and then just came back here, which is home, a year ago last July. Chuck wasn't able to travel anymore and the trip was getting much for my Mother and all the children were here and there so decided to come back here. We moved there for the warm winters and close to Ft Hood hospital but decided we had better come back now and just put up with the winters. I think we both really wish we were still there, but it is nice to be close to family to. My brother is here and Chucks brothers and sister is just south of here in Bushnell, IL.

We spent 2 years in Germany just after we were married in 1965 and then 2 years in Aberdeen Proving Grounds, MD and Chuck spent a year in Viet Nam and was also in Korean War. He also traveled many places TDY during his service. He was ready to retire after 20 years as he just wasn't pleased with the way the Army was at that time. It was starting to change and he didn't like that.

I have many distant relatives in Montana, Washington and Oregon and Idaho that I would really someday like to get there to visit but probably never will. In fact have relatives in St John, Whitman Co. WA from my fathers family line of Thompsons that I have been corresponding with so was surprised to see that area from my Mothers line of Dyer there also

Well better close for now and get these family group sheets to you so you can see what I have and what I need in way of information. Let me know what you need and if I have it will send to you.

Sincerely,

Mrs. VIRGINIA L. BRONSON

Dear Gladys:

Now that the holidays are over, I hope I can get caught up on this project. I am sending Jonathan's chart as it was taken from his bible. His/grandson sent this information to my brother in December of 1962. great

You will notice that I did not add the additional information which you supplied. I'll let you fill that in because I wanted to write down only what was supposedly authentic from his bible. I very much appreciate the added material and thank you for it. We had nothing about the first family except births and deaths. Unfortunately the marriage dates were not recorded, or were not given to us. I am adding the information you gave me to my copy.

You can add the Mayflower Descendants list to your collection or discard it as you like. That Dyer may not have been related to us at all. The friend who sent the copy to me said the name was spelled Dyer, not Dyre, in the index.

Also, I am sending a copy of some newspaper clippings this same great grandson sent to us. Too bad they aren't dated. The one about the passing of my grandfather, George W. Dyer was probably a Spokane paper and the date would have been Nov. 1906. The one about the reunion was 1952.

In one of the work sheets you sent, you have George's name George M. and his wife Fannie E. I think that must be a different George. I wish we could know something more about the brother who went to Humboldt, County, California. I wonder if they could have had a son, George. At first I thought it possible that "ours" had been married before he married Elizabeth, but on a document I have relating to his application for a pension following his discharge from the army, there were five questions asked one of which was, had he been married before, and the answer was, no. In reading a book years ago about the Modoc Indian battles near the Oregon-California border, I ran onto the name of an officer named Dyer. You may remember Jonathan mentioned a Cob Dyer from California. That name has puzzled me ever since I heard it. I got a Christmas card from Ann Williams in which she said her grandfather was named William Cobbet Dyer. In those days as now people have a tendency to name their children after relatives.

I notice a son of Ishmael Worth Dyer was named Leslie Milton Dyer. My younger brother has that exact name although he has never been called anything but "Teddy". My father was a great admirer of Theodore Roosevelt, but mother didn't like the name Theodore so wanted him to have another name.

I will have more for you later, I hope.

Sincerely

Minnie

Dear Gladys:

I'm so sorry to have been this long thanking you for the material you sent as well as sending you these pictures. I had hoped to be able to send the rest of the family charts you wanted, but I just haven't been able to do it. I hope to get at it sometime this winter.

Now that I am feeling better, I guess I gad around more and find less time to work on genealogy. You spoke of someone being called "bindle Bill". Was that William Hurst? I was surprised and interested to learn from grandfather George's war records that he was described as being 5' 8" tall, sandy complexioned, blue eyes and auburn hair. That is the first time I knew of the auburn hair since it was snow white like the picture when I knew him.. I remember Uncle Robert and Uncle Green as well as Aunt Julia, but not Uncle Dennis. I don't know when that picture was taken, but would suppose between about 1900 and 1905 or '06. I only had an extra of Jonathan in the glossy, but if you would rather have the matte finish, I could have one made since I have the negative.

And, you don't owe me anything for the pictures. They were extras except for the recent ones, and they are a gift from me to you. I liked the small one pretty well, so decided to try the enlargement. I never take a good picture. My face isn't quite so fat now since my doseage of prednisone has been cut down. I am feeling fine-- just get tired too soon to suit me.

Love

Minnie

Dear Alvin:

It's no worry to have been told that I was the person
you sent as well as sending you these pictures. I had hoped to
be safe to send the rest of the family checks you wanted, but I
just haven't been able to do it. I hope to get it together
this winter.

Now that I am feeling better, I guess I had around some and that
last time to work on generally. For some of women being called
"mildly ill" was that William Hurst? I was surprised and let
me know to learn from Elizabeth George's car records that he
was described as being 5' 8" tall, heavy complexion, blue eyes
and brown hair. That is the first time I knew of the subject.
Half since it was told while the picture when I knew it... I
remember that about the time I was as well as that Julia, and
but whole family. I don't know what that picture was taken, but
would suppose between about 1900 and 1905 or '06. I don't know an
extra of Jackson in the family, but if you could rather have the
extra film, I could have one made since I have the negative.

And, not that I am anything for the pictures. They were taken
except for the recent ones, and they are a gift from me to you. I
liked the ones you were well, so decided to try the enlargement.
I never saw a good picture. If you don't quite so far as that
my thoughts of enlargement had been and then, I am feeling this
just not time the work to this end.

Dear Gladys:

I was very happily surprised last week to receive a letter from Ann Dyer Williams in which she enclosed yours to her of last March 6th. It looks very much like we are cousins a few times removed, so I guess it should be in order to use first names.

I have a copy of a letter written by my great grandfather, Jonathan to his 17 year old granddaughter, Nancy Dyer, in 1890 in answer to her inquiry about his family. That and his old family bible are the only sources I have for information.

As soon as the copier is repaired in our nearby store, I will make a copy of this letter for you. In the meantime I will give you a bit of information about our branch of the family. As you already know Jonathán had two families. It is from the second family that I came.

Jonathan brought his family west to Oregon in 1852 and settled in the Willamette Valley, near Dallas, about 20 miles west of Salem, the capital. His brother Charles came too, and I am of the impression another brother also came, but am not sure.

George was the eldest son and was 17 at the time they came west. He was my grandfather. He moved his family to Whitman County, Washington about 40 miles south of Spokane (near what was then, Pine City, but is no longer there) in 1879 when my father, Glenn was 4 years old. I was born in that area, Oct. 9, 1899.

After my husband retired, we spent our winters down here for ten years going back to northern Idaho to our lake cottage for the summers. Since 1971 when his health had failed, we moved here permanently and he died in 1973.

I have three daughters, one in Seattle, one in Portland, Oregon, and one near me in Mesa, Arizona. I will fill you in later on more details but please know that I am real excited about "finding" you.

Sincerely

Dear Gladys:

This is a copy of a copy of the letter I told you about. Before you attempt to read it, I suggest you have a magnifying glass handy. The strip is to show you the result of copying the original. I used a magnifying glass and a pencil to fill in the faint letters to make it legible. I transcribed it on the typewriter, but I was so intrigued with the handwriting, spelling, etc, that I wanted a copy of the original.

Jonathan was living with his youngest son, Wayne when he wrote the letter, Willis was Wayne's son, age 15. He had two daughters also, Bertha, about 12 and Zella about 8 at this time. The note on the bottom of the last page was written by Emma, Wayne's wife.

The Jim Thompson mentioned, was married to Wayne's sister, Elizabeth, and Cob was the son of Charles. I guess Polly and Mary must be the same person. Probably Polly was a family nickname.

I have other material to sent you when I get it organized. In the meantime, I hope you enjoy this.

Sincerely

Minnie Bolin

Dear Ms. Williams:

A friend in Illinois gave me your name from a genealogical publication. I am not able to help you in the search of your great grandfather's name, however, I note that he was married in Washington County, Ky. in 1805. My great grandfather, Jonathan Dyer was born in Washington Co. Ky. Jan 2, 1802 and I can't help thinking they might have been related.

Jonathan's father, Charles, was born in Virginia in 1755 and died Sept. 3, 1831. His wife, Mary Hurst was born Jan. 2, 1762, also in Virginia, and died in Kentucky in 1835. Besides Jonathan, their children were: William, John, James, Charles, Hugh, Elijah, Betsy, Polly, Nancy and I'm not sure of the last name--it is either, Letty or Hetty.

Jonathan married Fanny Buffard (or Buford) March 21, 1822. She was born in April 1801 in Mercer Co. Ky. I don't know when they emigrated to Indiana, and later to Iowa, but they had five children. After she died, he married Nancy Boly and they had eight children, the eldest of which was my grandfather, George, Nov. 27, 1835 in McDonough Co. Illinois. This second family emigrated to Oregon in 1852.

If you can tell there is any connection between our families, I would like to hear from you. I have a very interesting letter written by Jonathan to his granddaughter, Nancy, in 1890, which I would make a copy of if you were interested. It gives more information, but not as many names and dates as I would like.

Dear Gladys,

Received this letter yesterday and made this copy for you. I'm sending Mrs Bolin your family group pages on William and Charles Dyer. Some of her dates on Jonathan are different than your. Hope this note finds you hale + hearty. Thanks again for all your information. Affectionately,
Ann Marguerite Dyer Wilkins

Dear Minnie;

I was so thrilled to get your letter. We are infact cousins, third cousins twice removed to be exact. I'm always delighted to meet new relatives even if it is in letter form. About two weeks ago I had received a letter from Ann Dyer Williams telling me she had received a letter from you and since we were from the same line she thought I would like to write you. Which I had planned to do but I work at a drug store part time and last week end we moved into a new store andtthat was a big job. Everyone was working overtime and I had worked several more days than usual so your letter found me before mine did to you. I's so glad you wrote me as I have done a lot of work on Jonathan's family when they wre in Jefferson Co., Iowa but hadn't found out too much about his children.

One of his brothers, Charles Dyer Jr.; was in Keokuk Co., Iowa for most of his married life after leaving Johnson Co., Indiana. Believe he died in Keokuk Co. also. He could have gone to Oregon for a short period of time though. What other brother went there, I don't know. Would be interested to know. I knew Jonathan had two families and his second wife Nancy Boley was probably related to the Boley's in Harrison Co., Indiana where they all came from. The Dyer's and Boley's and Hurst's intermarried in several generations of the families in Indiana. Although I had not been able to find out who Nancy's parents were. I would be delighted to have a copy of the letter from Jonathan to his granddaughter Nancy. Also any information in the family bible would be most helpful.

I knew Jonathan went to Oregon in 1852 and he died in Polk Co., in 1892 as I had ran across something about it in Jefferson Co., Iowa while searching there for information on him. Nimrod Dyer first son of Jonathan married Elizabeth Travis and they had a son Ishmael Worth Dyer and he married Ada Belle Hickenbottom, all of Jefferson Co., Iowa and there has been a lot of work done on the Hickenbottom family, which was were I found out about Jonathan in Oregon. I know more about these two families than the others of Jonathan's.

I'll enclose some of the information I have and maybe you can help me fill in the blanks and I can help you do the same. One of Joathan's brothers Hugh was my 3rd great grandfather. His family stayed in Harrison Co., Indiana and my great grandfather Charles Millory Dyer married Melvina Boley and they moved to Clark Co., Missouri and my grandparents were born there and moved to Kirksville, Adair Co., Mo. where my parents were born and I was born there in 1935. We moved to Rock Island, Illinois in 1940 and then to Davenport, Iowa where I grew up. My Mother still lives in Bettendorf, Iowa and my children in Davenport. We moved to Gatesville three years ago in coming April. My husband had back surgery 4 years ago and is not able to work so we came here to get away from the cold winter weather. He had been stationed here while in Army and liked it real well. We go back to Iowa every summer to see everyone.

I have had a booklet printed on our Dyer line and still have some copies for sale if you are interested or tell anyone else in your family if they are interested. They are \$6.00 a copy. It isn't complete as my information that I have but in order to keep it within reasonable price I had to keep it simple. I had 100 copies printed and sold them and ordered 40 more and that is all I will have copied. When they are gone that is it.

I would like the addresses of any others that are related in the Jonathan Dyer family that you know also. If I could get this line more completed than I have I would really be happy. Keep in touch and will be waiting to hear from you again.

Sincerely;

Gladys L. Treadway

Dear Minnie;

Just received your letter today with the letter from Jonathan Dyer and it was so interesting. I was really thrilled with the information it contained. Most of it I already had but was so glad to know when his Mother died and about his grandparents of whom I hadn't been able to find after 1806 in Green Co. Kentucky. So will have to start looking again for them. Can't understand why he didn't have any brothers or sisters though. It was so unusual at that time to be an only child unless something unforeseen had happened and sure would like to know what.

I have enclosed some of what I had, as I have 4 - 3 inch notebooks on our Dyers so if I haven't sent you what you would like just let me know and if I have it I will send it.

I also am sending along some blank sheets if and when you have time you would send me some information on Jonathan's family I would be most grateful.

Not locating any of Jonathan's children or other relatives and working from just court records I think I had found quite a lot, but far from being completed as I would like to have it.

Want to get this in the mail today so will close for now and thank you again for sending me a copy of the letter.

Sincerely

Gladys Treadway

The children are taking the book, two of the sons are very interested I'll pass your envelope & papers & we are getting together to see what we each have & will send it to you later. Don't give up. Dear Gladys Lowe Treadwell:-

I've been so long getting back to writing you & working on Genealogy. How did you & my sister Minnie Balin make out? She has another operation coming up & hasn't been able to give me copies, if indeed you had new papers. I think she has most of what I have, Letters from Johnathan Dyer to grand-aughter Nancy Dyer.

Back to your book & our records page. 6 children of Charles & Mary Hurst Dyer you start with Elizabeth Dyer, then William, Mary, Joel, John, James, Hugh (your line). We have Charles & Mary Hurst Dyer William, John, James, Charles, Hugh (you) Johnathan (us) Elijah, Betsy, Pally, Nancy & Lethy. Am I right? or no

I would like to know if you & Minnie have more history or changed what we have?

Do you want to correspond with Ruth Dyer Adams Kendrick, Idaho? She has lots of material. She was given my name by my cousin Lloyd Dyer. So far they haven't

made any family connection, as your book states, there are other Dyers. She is looking for & feels they are part of her branch of Dyers: Booker, Charlton, Anderson, Andrew, Wiley Owen, Arney, Dicey, Winney, Ellendar, Calloway & Lea Dyer. She forgot Andy who she is esp. looking for. I sent her the list of Charles & Mary Hurst Dyer we have & haven't heard anymore. Have you found anymore relatives? How big is your family? your letter carries 1980, surely sorry to be so slow, did you get the papers from Minnie you wanted on my family? your Cousin
